DEDICATIONS

Alhamdulillah, Praise the authors pray to Allah SWT, who has given health, mercy and guidance, so that the writer is still given the opportunity to complete this thesis, as one of the requirements to get a bachelor's degree. Even though it is far from perfect, the writer is proud to have reached this point, which finally finished this thesis at the right time. I dedicate this thesis or thesis to:

Beloved Mother and Father

As a sign of devotion, respect and infinite gratitude. I dedicate this small work to mother Yulidah and father Yustar Hamidi who have given their thanks and affection, with support, blessing and infinite love that I can't possibly repay only with a piece of paper with an offering on it. I hope this is the first step to make mom and dad happy, even though we can't be together anymore. because I know I can't do more. For mom and dad who always motivate me and always shower love, always advise me, always make me do better.

Thank you mom... Thank you dad...

Thesis Supervisor

Sir samsul rizal, M.Pd and Mam Hanura Febriani, M.Pd who have helped me in completing this thesis and have also helped me in finding solutions and providing solutions to academic problems that occur in the English department.

Siblings and lovers

As a sign of gratitude, I say this and I dedicate this small work to my beloved sister, Nurul Septi Dwi Kencana, who has provided support and encouragement in accompanying the guidance for the writer to complete this thesis. To my beloved M. Ageng Fajar Nugroho, thank you for being willing to be a place to go home when the writer is getting bored in completing this thesis.

As well as friends from junior high school, Senior high school, apprentices 2 & 3, friends of class TBI B who the writer cannot mention one by one, thank you for all the support and enthusiasm for the authors.

ABSTRAK

Rindang Intan Nafazah, 2023. Pengaruh gaya belajar visual dan kinestetik terhadap prestasi belajar siswa pada mata pelajaran bahasa inggris di MAN 1 Kota Bengkulu. Skripsi Jurusan Bahasa Inggris. Fakultas Tarbiyah dan Tadris. UIN Fatmawati Sukarno Bengkulu.

Penelitian dalam skripsi ini dilatar belakangi oleh pentingnya gaya belajar dalam kegiatan belajar mengajar. Dalam skripsi ini hanya membandingkan 2 gaya belajar yaitu visual dan kinestetik. Namun, dari kedua gaya belajar tersebut hanya satu gaya belajar yang mendominasi pada setiap individu. Dalam hal ini peneliti ingin mengetahui sejauh mana pengaruh gaya belajar yang terdiri dari gaya belajar visual dan gaya belajar kinestetik terhadap hasil belajar siswa MAN 1 Kota Bengkulu dalam mata pelajaran bahasa inggris. Dalam desain penelitian ini, peneliti menggunakan pendekatan kuantitatif (penelitian ex post facto). Seluruh siswa MAN 1 Kota Bengkulu kelas XI berjumlah 120 siswa. Adapun sampel dalam penelitian ini berjumlah 30 siswa. Instrumen penelitian ini adalah kuesioner. Peneliti menggunakan analisis Regresi sederhana untuk mengetahui pengaruh gaya belajar visual dan kinestetik secara individual terhadap prestasi belajar. Setelah melakukan uji regresi linier sederhana. Berdasarkan tabel di atas diperoleh nilai signifikansi 0,117 sedangkan nilai probabilitasnya 0,05, sehingga perbandingannya $0,117 > 0,05$ artinya H_a ditolak sedangkan H_o diterima. Sehingga dapat disimpulkan bahwa tidak terdapat pengaruh antara gaya belajar terhadap prestasi belajar. Artinya “gaya belajar tidak berpengaruh terhadap prestasi belajar siswa di MAN 1 Kota Bengkulu”.

Kata Kunci: Gaya Belajar, Prestasi Belajar siswa, Pengaruh gaya Belajar

ABSTRACT

Rindang Intan Nafazah, 2023. The Effect of visual and kinesthetic learning styles Towards student's Learning Achievement in Learning English at MAN 1 Bengkulu City. English Department Thesis. Faculty of Tarbiyah and Tadris. UIN Fatmawati Sukarno Bengkulu.

The research in this thesis is motivated by the importance of learning styles in teaching and learning activities. In this thesis only compares 2 learning styles, namely visual and kinesthetic. However, of the two learning styles, only one learning style dominates each individual. In this case the researcher wanted to know how far the influence of learning styles consisting of visual learning styles and kinesthetic learning styles on the learning outcomes of MAN 1 Bengkulu City students in English subjects. In this research design, researchers used a quantitative approach (ex post facto research). All students of MAN 1 Bengkulu City class XI amounted to 120 students. The sample in this study amounted to 30 students. The instrument of this research is a questionnaire. Researchers used regression analysis to determine the effect of visual and kinesthetic learning styles individually on learning achievement. After doing a simple linear regression test. Based on the table above, a significance value of 0.117 is obtained while the probability value is 0.05, so the comparison is $0.117 > 0.05$ meaning that H_a is rejected while H_o is accepted. So it can be interpreted that there is no influence between learning styles on learning achievement. This means "learning style does not affect student achievement in MAN 1 Bengkulu City".
